

DTR VMS

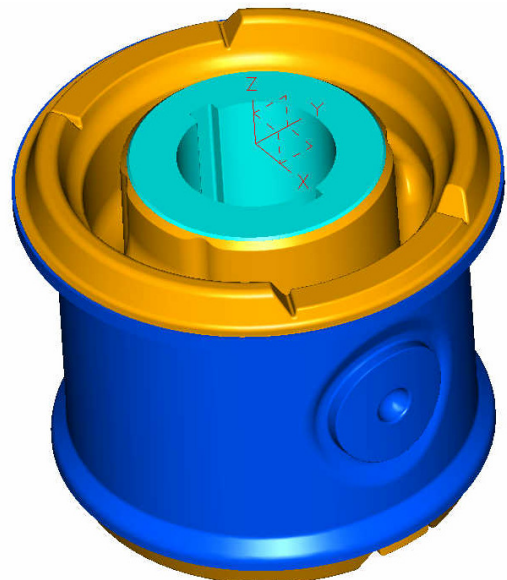

DTR VMS 'Button Bush'

An enhancement over Aluminium Performance and Rates at Plastic Costs.

• Patented integral novel design feature provides:

- Improved Durability
- Improved Tune-ability
- Enhanced Stiffness levels
(Compared to conventional plastic outers)
- Lower Cost
- Reduced Weight
(Compared to aluminium)

Static Stiffness
X = 550N/mm
Y = 1600N/mm
Z = 850N/mm

DTR VMS Limited
Formerly Avon Automotive VMS
